The Govt. observe that the dispensary at Uppinangadi does not provide sufficient work for a whole-time officer and that the medical officer attached to the dispensary should be able to visit other places in the neighbourhood on 2 or 3 days in the week. They are therefore of opinion that the duplication of the staff of the Dy. at Uppinangadi would be a mere waste of public money. The sub-asst. surgeon Uppinangadi may be asked to close the Dy for 3 days in the week and visit the places mentioned in the President's letter read above. It must however be clearly understood that an itinerating system is of no value unless the itinerary is so fixed that the rural public may know on what days and at what hour the medical officer will visit their neighbourhood

The villagers should have
